## About the Indian Accounting Association

The Indian Accounting Association is an interface between academicians, professional and practitioners from various universities, business, industry and government. The main function of IAA is to promote and disseminate the knowledge of accounting and the related subjects in India and abroad. The Association was founded by academicians and professionals in accounting on March 15, 1969, and inaugurated on February 14, 1970 by the Accountant General of Uttar Pradesh. It is a member organization of the International Association of Accounting Education and Research (IAAER). It is also held in high esteem by American Accounting Association (AAA). At present, IAA has a network of 59 branches in India with more than 7700 life members. It also brings out a biannual research journal 'Indian Journal of Accounting' in the months of June & December to give wider publicity to research findings. The Association also gives IAA Young Research Award and IAA fellowship. The Association offers Life Membership and Annual Membership for Individuals and Institutions through its chapters across India.

## About the College

Dr. Gour Mohan Roy College, a rural institution striving for excellence in higher education, was established on 28-11-1986 with the main objective of disseminating knowledge and catering to the needs of the students of the surrounding areas. It is recognized under 2f and 12-B of UGC, Act 1956 on 21-09-1994. It has twelve UG departments, one girls' hostel, one play-ground and a nice campus. Performance graph of all the departments in the examinations of the University of Burdwan is quite satisfactory. In 2016, the college has been awarded B grade by the National Assessment and Accreditation Council (NAAC).

## About The Seminar

Seminar aims to provide a strong platform to the faculty of different academic institutions to express their views and discuss it in an open forum. Research Scholars and students, assistant professors and also to the students as NEP emphasizes the importance of developing critical thinking and problem solving skills as well as promoting to love for learning and curiosity. The main goal of this seminar is to help and to show that education is more inclusive and accessible to all students. The seminar also intends to investigate the use of technology in effective teaching and learning process to promote independent, critical and creative thinking in order to speed up the teaching learning process. The broad objective of the seminar is to make teaching and learning enjoyable and interesting for the teachers and learners.
